- **Databases:** SQL - Postgres, NoSQL - MongoDB with Mongoose.js, Redis, Firebase.
- **DevOps:** Docker & Kubernetes, Heroku (inc. pipelines), serverless (inc. Netlify), lambda functions.

EDUCATION

Institute of Coding *April 2024 – Dec 2024*

- Fundamentals of Cybersecurity – a 10 week course covering all aspects of cybersecurity, cyber attacks and mitigation, network security, social hacking, cryptography, cryptographic algorithms

- Software Engineering Project Management – a 10 week course covering project planning, team management, specification, timescales, GANTT charts, resource management, risk monitoring, methodologies and models, agile development, scrum, legal social and ethical issues.

The Jump Digital School *Oct 2021 - May 2022*

- A 30-week programme of Full-Stack Software Engineering Training which has enabled me to develop and deploy full-stack websites and web applications to a professional standard
- Delivered individual and team projects, remotely, including participating in a hackathon

Manchester MIDI School *Sept 2006 – Sept 2007*

- HND (Distinction) Music Construction and Production
- HND (Distinction) Commercial Studio Engineering

University of Newcastle-u-Tyne *Sept 1996 – June 1999*

- BEng Hons Chemical Engineering

Manchester Grammar School *Sept 1989 – June 1996*

- A-levels: Maths(A), Physics(A), Chemistry(B)

PROFESSIONAL EXPERIENCE

Full Stack Engineer at The Jump Digital School, *UK* *Jan 2023 - Present*

- Played a key role in the development of a new student portal to manage interactions between students and tutors, using Next.js, Typescript, Postgres, Material UI, and hosted on Vercel with a continuous deployment pipeline. Major features worked on include a homework submission and feedback delivery system, integration with the school Discord channel with custom helper bots and webhooks, search engine, a booking system for one to one sessions with tutors and teaching assistants, transcripts of all lessons with code examples, glossaries etc. I also support students studying the full stack developer program by checking and marking coursework, providing appropriate feedback, as well as providing one-to-one support via video call to advise, assist and debug homework and portfolio projects.

Owner of Snowdogs Gadgets, *UK* *Feb 2016 – Dec 2022*

- Created and built a successful vintage electronics & collectables dealership which sources, upgrades, markets, sells and delivers vintage electronics and collectable items to buyers across the UK and internationally.

Supervisor at Keyline Builders Merchant, *Swansea* *Sept 2014 - Feb 2016*

- Successfully managed the processes, logistics, and staffing teams for a builders merchant:
- Management of sales and distribution teams
- Stock management
- Management of yard infrastructure and its maintenance (Cranes, forklifts etc)
- Improved profitability by planning delivery loads and routes to be more efficient
- Improved safety standards

Props Assistant at Starz / BBC Worldwide *Jan 2013 - Aug 2014*

- Making props, delivering props to and from set, collecting, cataloguing, and returning hired props, logistics, supporting the rest of the props and dressing depts.
- Responsible for reviewing all scripts and ensuring that props were appropriate to the genre and style guides, and located accurately across the set.
- Removed all prop-related errors on productions which reduced delays and costs

Technical Manager / Tour Manager at Premier Stage Productions *Jan 2008 - Sept 2012*

- Overseeing all aspects of a variety of touring theatre productions.
- Managing a team of crew and performers, liaising with receiving theatres, overseeing load ins, load outs, set construction, costumes, sound and lighting, merchandising, travel and vehicle management, all over the UK and internationally.
- Setting up and operating all audio, lighting, and AV equipment at each show.

ADDITIONAL INFORMATION

- I have the right to work in the UK
- Immediately available for interview (no notice period)
